Polar King to Exhibit at Florida Restaurant & Lodging Show

Fort Wayne, IN— (Nov. 1, 2022) [Polar King International, Inc.](https://www.polarking.com), will exhibit a refrigerated unit at the upcoming Florida Restaurant & Lodging Show, the only comprehensive industry event in Florida that is devoted to the restaurant, food service, and hospitality market. The event takes place Nov. 2-3 at the Caribe Royale Resort in Orlando.

Polar King executives will be at the show, including Jared Lung, food and beverage sales, North America, and Patrick Smith, regional sales manager. Polar King subject matter experts will be available in Booth No. 1300, which will have a 5' x 7' refrigerated unit on display.

The team will be available at the booth to discuss the company's standard products as well as the [Polar King Quick Build Program](#), which provides faster lead times on the most common sizes of built-to-order walk-in coolers, freezers and combination units.

About Polar King International

The introduction of the Polar King outdoor walk-in freezer into the foodservice industry was the result of three generations of walk-in refrigeration technology and experience. Polar King's fiberglass, one-piece walk-in cooler is the natural evolution of the walk-in cold storage industry from the conventional metal panel constructed unit. In early 1982, Polar King began operations by constructing and shipping walk-ins from a modest 12,000 sq. ft. facility in New Haven, Indiana. As demand grew for outdoor fiberglass commercial walk-in coolers and commercial walk-in freezers, production was moved to a 204,000 sq. ft. facility located in Fort Wayne, Indiana. For 40 years, Polar King has provided thousands of walk-ins to single unit operators, chain restaurants, schools, health care facilities, government agencies and many other industries

requiring dependable outdoor walk-in refrigeration. For more information, visit polarking.com or contact Polar King, 4424 New Haven Ave, Fort Wayne, IN 46803 USA at [\(877\) 224-8674](tel:8772248674).
