Polar King Celebrates 40th Anniversary at National Restaurant Association Show

Polar Leasing joins the celebration at Booth 2276

Fort Wayne, IN— (May X, 2022) During its 40th anniversary year, [Polar King International](#) along with its sister division [Polar Leasing Company](#)—leading providers of electric, ground-ready outdoor walk-in freezer and refrigerated units for sale and rent—will showcase their 8' by 8' refrigerated unit at the National Restaurant Association Show this month in Chicago, according to Dave Schenkel, Polar King president.

This is the first time the National Restaurant Association Show is being held since 2019 after the global pandemic forced organizers to cancel both the 2020 and 2021 shows. “We are so excited to be back in-person at NRA and eager to once again meet and collaborate with other food and beverage industry professionals,” says Schenkel. “We look forward to this opportunity to give visitors an up-close look at this state-of-the-art Polar King refrigerated unit and celebrate our anniversary year.”

Subject matter experts from both companies, including Kevin Wilson, Polar King director of engineering, research & development and refrigeration, will be present and available to meet with attendees and answer questions at Polar King and Polar Leasing’s booth 2276.

Wilson will be among the six representatives attending, including general manager Clint Foor and sales professional Jared Lung and other members of the Polar King and Polar Leasing teams.

At the show, Polar King will highlight its Quick Build Program, a service providing faster delivery on the most common sizes of built-to-order walk-in coolers, freezers and combination units.

Polar King walk-in coolers and walk-in freezers are available for purchase, while Polar Leasing provides rental units to satisfy customers’ short and longer-term needs.

About Polar Leasing

In early 2002, Polar Leasing Company, Inc. was created by Polar King to accommodate the growing demand for walk-in refrigeration rentals. It has expanded its walk-in rental fleet to cover most of the United States and other parts of North America, offering both short- and long-term rentals to industries of all types. Within the last 5 years we began the process building a specific division dedicated to Life Science Supply Chain. Polar Leasing offers the largest all-electric fleet of temporary refrigeration, with more than 80 distribution depots and a 24/7 service hotline. For more information, visit polarleasing.com or contact Polar Leasing, 4410 New Haven Ave, Fort Wayne, IN 46803 USA. In an emergency, call 866-574-4573 or send email to rentals@polarleasing.com.

About Polar King International

The introduction of the Polar King outdoor walk-in freezer into the foodservice industry was the result of three generations of walk-in refrigeration technology and experience. Polar King's fiberglass, one-piece walk-in cooler is the natural evolution of the walk-in cold storage industry from the conventional metal panel constructed unit. In early 1982, Polar King began operations by constructing and shipping walk-ins from a modest 12,000 sq. ft. facility in New Haven, Indiana. As demand grew for outdoor fiberglass commercial walk-in coolers and commercial walk-in freezers grew, production was moved to a 204,000 sq. ft. facility located in Fort Wayne, Indiana. For 40 years, Polar King has provided thousands of walk-ins to single unit operators, chain restaurants, schools, health care facilities, government agencies and many other industries requiring dependable outdoor walk-in refrigeration. For more information, visit polarking.com or contact Polar King, 4424 New Haven Ave, Fort Wayne, IN 46803 USA at [\(877\) 224-8674](tel:8772248674).
